6<sup>th</sup> Conference on Global Insurance Supervision

**Sustainable Insurance: Embracing the Global Challenges  
Business Models. Protection Gaps. Systemic Risks.**

to be held on

**4 and 5 September 2019**

Campus Westend, Goethe University, Frankfurt am Main

Top representatives from major (re)insurance groups, regulatory and supervisory authorities as well as renowned academics from around the globe will gather in Frankfurt in early September to debate current and future key topics of international insurance supervision, focusing on global trends in risk-based supervision and the challenges linked to the implementation of global standards.

This year's GIS conference will explore key topics of sustainability from a European and international insurance supervision perspective focusing on:

- **Sustainable Business Models for Insurers: Fair Competition in a Disruptive Environment**
- **Closing the Protection Gaps: The Leading Role of Insurance in the Area of Natural Catastrophes and Demographic Change**
- **Micro Meets Macro: A Holistic Framework for Systemic Risk in the Insurance Sector**

Participation at the conference is upon invitation only. Registration for this conference will open in **May 2019**.
