

Appointments to Human Resources Planning Commission

The Hong Kong Special Administrative Region Government today (March 27) announced the re-appointment of 18 incumbent members and the appointment of three new members to the Human Resources Planning Commission (HRPC) with effect from April 1, 2020, to December 31, 2022.

The Chief Secretary for Administration and Chairman of the HRPC, Mr Matthew Cheung Kin-chung, said, "The Government has been attaching great importance to enhancing and optimising Hong Kong's human capital. In the past two years, the HRPC has discussed various issues pertaining to Hong Kong's human resources and launched a one-stop manpower information portal comprising information on different industries. I am very grateful to members for their support and contribution towards the work of the HRPC. I look forward to continuing our collaboration in developing Hong Kong further into a more diversified economy."

The HRPC was established on April 1, 2018, to consolidate resources and efforts of the Government and various sectors to examine, review and co-ordinate policies and measures on human resources in a holistic manner. The HRPC launched a new one-stop online manpower information portal (www.talent.gov.hk) on December 1, 2019. The portal consolidates human resources information and data from different sources with a view to providing more comprehensive information to the local labour force, the younger generation in particular, to assist them to make informed choices in respect of career, training and development pathways.
