

Arrangement of Auction of Traditional Vehicle Registration Marks

Due to the effect of the tropical cyclone, the Transport Department announces today (October 9) that:

The scheduled morning session of today's auction of traditional vehicle registration marks has been cancelled. Applicants who have reserved the vehicle registration marks included in this auction session will be notified of the details of the re-scheduled auction later.

If the Tropical Cyclone signal no. 8 or above is cancelled before noon, the afternoon session will be held as originally scheduled. However, if the above signal is still effective at noon, the afternoon session of today's auction of traditional vehicle registration marks will be cancelled as well.

For enquiries, please call 2804 2600.
