

# Womack: Tidal Lagoon's clear and transparent audit further proof that Westminster must back the plan

10 July 2018

Green Party deputy leader Amelia Womack has welcomed the decision from Tidal Lagoon Power to respond to the Department of Business, Energy and Industrial Strategy with the release of a full audit of their finances [1].

Womack, who visited the proposed site of the Swansea Bay Tidal Lagoon yesterday [2], felt that the audit was a clear sign that the company were willing to conduct their business transparently and proof that the project made financial sense.

Womack said:

“This project makes complete financial sense, especially compared to the nuclear plant on Anglesey and it is great to see Tidal Lagoon Power making that case. It continues to baffle that the Westminster Government are seemingly fully behind the Wyfla plant despite all the questions surrounding it.

“It’s not too late to scrap the Wyfla plant and back a cleaner and cheaper solution to Wales’ energy future.”

## Womack: Westminster must back the Tidal Lagoon

9 July 2018

Following a meeting with Tidal Lagoon Power, the company behind the Swansea Bay Tidal Lagoon, Green Party of England and Wales deputy leader Amelia Womack has called on the Westminster Government to reverse their decision not to support the project.

Womack, who's from South Wales, met with the company earlier to survey their plans and learn more about their proposals. She believes that the Tidal Lagoon would be a huge point of pride for South-West Wales.

Womack said:

"The Tidal Lagoon must go ahead. Not only will it produce clean, renewable energy for the country, it will also give this community a fantastic local amenity and the pride of being a global leader in a new technology.

"Since the mines were closed, Wales energy potential has not been considered. This would represent our energy future and the Westminster Government need to fund it."

## **Green Party co-leader supports oil injunction campaigners in court**

3 July 2018

### **\* Jonathan Bartley: 'The right to peaceful protest is under threat'**

Jonathan Bartley, co-leader of the Green Party, will today be at the High Court [1] to stand in solidarity with six women [2] challenging an injunction application by UK Oil and Gas [3].

Bartley said the application is part of a nationwide rollout which has put "the right to peaceful protest under threat".

The Green Party has also supported campaigners fighting an injunction by Chris Grayling to curb anti-HS2 action [4], as well as activists given suspended sentences for breaking the Sheffield tree injunction [5], among others.

Jonathan Bartley, co-leader of the Green Party, said:

"The right to peaceful protest is under threat. This draconian application is part of a nationwide rollout of injunctions which seeks to stamp out peaceful dissent wherever it is found. I stand in full solidarity with the brave activists standing up to the fossil fuel industry in court today. UK Oil and Gas' risky methods of oil and gas exploration are a threat to our environment and jeopardise our climate targets."

### **Notes:**

1. Bartley will join activists outside the High Court on Tuesday 3 July 2018.

Ann Stewart; Sue Jameson; Jacqui Hamlin; Natasha Doane

3. UK Oil and Gas has drilling sites across the South East including Broadford Bridge in West Sussex and Horse Hill in Surrey, both mentioned in the injunction. It also has a significant stake in the proposed drilling site at Leith Hill in Surrey and a planned new site on the Isle of Wight.

## **Green Party announces leadership candidates**

2 July 2018

The Green Party has announced the full list of candidates running to be the next leader of the party ahead of voting next month [1].

Three candidates have been nominated for leader following Caroline Lucas' announced she would not stand for re-election after a two year term as co-leader with Jonathan Bartley [2].

The position of deputy leader is also up for election, as well as 10 other positions on the Green Party Executive.

With nominations announced the campaign period has begun with hustings set to take place across the country. Campaigning will end on July 29, and members will then have one month to vote between 30 July and 31 August. The results will be announced shortly after.

All fully paid-up members are eligible to vote by single transferable vote, with ballots issued by email and, where required, paper copies.

**The candidates for leader are:**

Shahrar Ali

Jonathan Bartley and Sian Berry

Leslie Rowe

**The candidates for deputy leader are:**

Aimee Challenor

Jonathan Chilvers

Andrew Cooper

Rashid Nix

Amelia Womack

**A Green Party spokesperson said:**

“Members are the lifeblood of the Green Party. From making policy at Conference to choosing the party’s leaders every two years, members are at the heart of the Green Party and in the next couple of months will decide who leads us into the future.”

**Caroline Lucas MP said:**

“I’m really proud of everything the party has achieved so far, and I am excited to see such a wide range of candidates keen to build on this success for the future. Britain needs a strong Green voice now more than ever. On issues from Brexit, to rising inequality and the Government’s reckless attitude to our environmental protections and climate targets, Greens will always speak truth to power. I will still be doing that in Parliament, and I look forward to seeing ever more Greens joining the national debate.”

**Remember** Only Green Party members can vote in the 2018 leadership elections. To join and have your voice heard, sign up at <https://register.greenparty.org.uk>
