

Employers, contractors and employees should be aware of electrical safety at work during rainstorm

As the rainstorm warning has been issued by the Hong Kong Observatory, the Labour Department (LD) reminds employers and contractors that they should adopt necessary work arrangements and take suitable safety measures to protect the safety of their employees when they are carrying out electrical work or handling electrical plant.

A spokesman for the LD said today (August 29) that employers and contractors should avoid assigning employees to carry out electrical work (like electric arc welding work) or handle electrical plant at places affected by rainstorms, and should refer to the "Code of Practice in times of Typhoons and Rainstorms" and the "Guide on Safety at Work in times of Inclement Weather" issued by the LD.

Even if electrical work is carried out or electrical plant is handled at places not affected by the rainstorm, suitable safety measures must still be adopted to prevent electric shock as the air would be more humid. Such measures include:

- (i) Ensure that all live parts of an electrical installation are isolated from the power supply source and rendered dead, and the isolation from the power supply source must be maintained as long as electrical work is being carried out;
- (ii) Before carrying out any electrical work or handling any electrical plant, cut off and lock out the power supply source, then test the circuit concerned to confirm it is dead and display suitable warning notices, and issue a work permit thereafter;
- (iii) Ensure that protective devices (such as suitable and adequate fuses and circuit breakers) for the electrical installations or electrical plant have been installed and maintained in good working order, and portable electric tools must be double-insulated or properly earthed;
- (iv) Provide suitable personal protective equipment such as insulating gloves and insulating mats for employees; and
- (v) If live electrical work is unavoidable, a comprehensive risk assessment should be conducted by a competent person and the appropriate safety precautions should be taken to remove or properly control the electrical hazards involved before such work can proceed.

In addition, employees should co-operate with the employer or contractor to follow the safety instructions and use the safety equipment provided.

The LD has published guidebooks and leaflets on electrical work safety.

These safety publications are available free from divisional offices of the department or can be downloaded from its website (www.labour.gov.hk/eng/public/content2_8.htm).

Should there be any questions about occupational safety and health matters, please contact the Occupational Safety Officer of the LD at 2559 2297.

Territory-wide flag day today

Tung Wah Group of Hospitals has been issued a Public Subscription Permit to hold a territory-wide flag sale from 7am to 12.30pm today (August 29), a spokesman for the Social Welfare Department (SWD) said.

For enquiries, please call the SWD's hotline at 2343 2255, or the Charitable Fund-raising Control Team at 2832 4311 during office hours. Information on the flag days of the month is available at the SWD's website (www.swd.gov.hk/en/index/site_whatsnew). Permits for flag days containing contact information of the flag-selling organisations and information on the approved flag-selling activities have also been uploaded to the SWD's website (www.swd.gov.hk/en/index/site_pubsvc/page_controlofc/sub_recentlyap). For enquiries about the detailed flag-selling arrangements, please contact the individual flag-selling organisations.

Details of the charitable fund-raising activities covered by the Public Subscription Permit issued by the SWD have also been uploaded to the GovHK website (www.gov.hk/fundraising).

In the case of suspected fraudulent flag day activities, people should not make any donation and should immediately report the matter to the Police, the spokesman added.
