## 2020 final registers of electors published today

The final registers of electors for 2020 were released today (July 17). Registered electors may log in to the Online Voter Information Enquiry System ([www.voterinfo.gov.hk](http://www.voterinfo.gov.hk)), or call the election hotline on 2891 1001 to check their own registration particulars.

"A total of 4 466 944 electors are carried in the newly issued final register for the geographical constituencies. These registered electors are eligible to vote in the 2020 Legislative Council General Election on September 6," a spokesman for the Registration and Electoral Office (REO) said.

The distribution of electors for the five geographical constituencies is as follows:

Geographical constituency	Number of electors
Hong Kong Island	707 277
Kowloon West	602 733
Kowloon East	709 237
New Territories West	1 308 081
New Territories East	1 139 616

The final register for the District Council (second) functional constituency contains 4 196 680 electors.

For the functional constituencies (other than the District Council (second) functional constituency), 250 452 electors are listed in the final register.

The final register for the Election Committee subsectors contains 257 992 voters.

"A net increase of about 11 600 of registered electors has been recorded in the 2020 final registers compared to the provisional registers. The figures reflect the follow-up actions by the REO with the applicants after the publication of the provisional registers, which mainly include people who returned the reply slips in time to the REO to resume their voter registration status, and those who supplemented the REO with the required information. With the approval of the Revising Officer, they have been included in the final register," the spokesman said.

The electoral records of about 1 063 000 electors of geographical constituencies have been updated for the compilation of the final registers.

Statistical information about these final registers is available on the voter registration website ([www.voterregistration.gov.hk](http://www.voterregistration.gov.hk)).

Full copies of the final registers for geographical constituencies, functional constituencies (other than the District Council (second) functional constituency) and Election Committee subsectors will be placed at REO's two offices located at 10/F, Harbour Centre, 25 Harbour Road, Wan Chai, Hong Kong and 13/F, the Kowloonbay International Trade & Exhibition Centre, 1 Trademart Drive, Kowloon Bay, Kowloon. In accordance with the judgment of the judicial review case of the Junior Police Officers' Association handed down by the Court of Appeal on May 21 and the order made at the hearing on May 27 [Case no.: CACV 73/2020], the aforementioned registers of electors are available for inspection during the REO's ordinary business hours by validly nominated candidates, members of the press (for operational considerations, the REO adopts the list of subscribers of the Government News and Media Information System) and political parties (i.e. political bodies/organisations which meet the specified requirements). As for the parts of the final registers for functional constituencies and the Election Committee Subsectors which do not show the linked information of individual electors (i.e. their names and principal residential addresses), they are available for public inspection.

The REO will provide six inspection time slots (one hour for each time slot) on each working day. Eligible organisations/persons/members of the public may make appointments for inspection on a first-come, first-served basis. Each eligible organisation/person/member of the public may reserve one time slot per day. Applicants may make appointments to inspect the registers of electors by calling 2891 4082/2891 2070 during ordinary business hours starting from today. Upon completion of the initial reservation by phone, the applicant is required to fill in and return an official reservation form to the REO by a specified deadline to confirm the reservation.

The REO's ordinary business hours are from 9am to 12.30pm and from 1.30pm to 6pm, Mondays to Fridays (except public holidays).

Notices on the inspection of the final registers were gazetted today.

## CHP reminds public on precautions against heat stroke during very hot weather

The Centre for Health Protection (CHP) of the Department of Health (DH) today (July 17) reminded members of the public, particularly those undertaking outdoor activities, to take heed of necessary measures against heat stroke and sunburn in very hot weather.

"The public should carry and drink plenty of water to prevent dehydration while engaging in outdoor activities," a spokesman for the CHP said.

"Those engaged in strenuous outdoor activities should avoid beverages containing caffeine, such as coffee and tea, as well as alcohol, as they speed up water loss through the urinary system," the spokesman explained.

"The obese, the sick, including those with heart disease or high blood pressure, the old and the young are more vulnerable to heat-related illnesses. They should pay special attention," the spokesman added.

The public should adopt the following precautions:

- Wear loose and light-coloured clothing to reduce heat absorption and facilitate sweat evaporation and heat dissipation;
- Avoid vigorous exercise and prolonged activities like hiking or trekking as heat, sweating and exhaustion can place additional demands on the physique;
- Perform outdoor activities in the morning or late afternoon;
- For indoor activities, open all windows, use a fan or use air-conditioning to maintain good ventilation; and
- Reschedule work to cooler times of the day.

If working in a hot environment is inevitable, introduce shade in the workplace where practicable. Start work slowly and pick up the pace gradually. Move to a cool area for rest at regular intervals to allow the body to recuperate.

The public should also note the latest and the forecast Ultraviolet (UV)

Index released by the Hong Kong Observatory (HKO). When the UV Index is high (6 or above):

- Minimise direct exposure of the skin and the eyes to sunlight;
- Wear long-sleeved and loose-fitting clothes;
- Wear a wide-brimmed hat or use an umbrella;
- Seek a shaded area or put on UV-blocking sunglasses;
- Apply a broad-spectrum sunscreen lotion with a Sun Protection Factor (SPF) of 15 or above. Apply liberally and reapply after swimming, sweating or toweling off; and
- While using DEET-containing insect repellents for personal protection against mosquito-borne diseases, apply sunscreen first, then insect repellent.

If symptoms develop, such as dizziness, headache, nausea, shortness of breath or confusion, rest and seek help immediately, and seek medical advice as soon as possible.

The public may obtain more information from the DH's Health Education Infoline (2833 0111), [heat stroke](#) page and [UV radiation](#) page; the HKO's Dial-a-Weather (1878 200), latest [weather and forecast](#), [UV Index](#) and weather information for [hiking and mountaineering](#); and [press releases](#) of the Labour Department on precautions against heat stroke for outdoor workers and their employers when the Very Hot Weather Warning is in force.

---

## [Assess the risk of heat stroke to employees](#)

Attention duty announcers, radio and TV stations:

Please broadcast the following special announcement immediately, and repeat it at frequent intervals when the Very Hot Weather Warning is in force:

The Labour Department reminds employers that as the Very Hot Weather Warning is in force, they should assess the risk of heat stroke to their employees and adopt effective preventive measures such as providing cool drinking water, setting up temporary sunshade and providing mechanical aids to reduce physical exertion of employees. Employees should drink water regularly and be mindful of their physical condition. If early heat stroke symptoms such as headache and thirst appear, they should rest in a cool or shady place and drink water immediately. They should also inform their supervisors to take appropriate actions.

---

## Very Hot Weather Warning issued

Attention TV/radio announcers:

Please broadcast the following as soon as possible:

The Hong Kong Observatory has issued the Very Hot Weather Warning.

To prevent heat stroke, avoid prolonged activities outdoors.

If engaged in outdoor work or activities, wear a wide-brimmed hat and light-coloured, loose-fitting clothes. Stay in shaded areas as much as possible.

Drink plenty of water, and avoid beverages containing caffeine or alcohol.

If you feel sick, consult a doctor right away.
