## **eNews from GAD: issue 37, Autumn 2019**

In this edition of eNews we take a closer look at the goals of the Analysis Function and the key role that actuaries play in it, some experiences of GAD staff and future expectations.

Also in this edition, to celebrate GAD's centenary, eNews is running a series of 'deep dives' into key areas in which our actuaries have contributed to public life over the last 100 years. This article, the third in our 4-part series, discusses GAD's role providing insurance advice to UK government – an important and growing addition to GAD's actuarial offering.

# Vacancy: Operations Officer

Do you have excellent communication skills and a real passion for providing quality customer service?

Are you a solid administrator who is well-organised, methodical and has an eye for detail?

Would you like to work in a high profile organisation, working with some of the world's leading experts in air accident investigation?

If so, this is an exciting opportunity to join the Air Accidents Investigation Branch (AAIB) as an Operations Officer, and we'd love to hear from you.

You can read the full role profile and apply for this position on [Civil Service Jobs](#). The deadline for applications is 21 October.

Read more about [working at the AAIB](#).
