

News story: Animal medicines seizure: Border Force, East Midlands Airport

A parcel was detained and subsequently seized at the Border Force, East Midlands Airport, Castle Donnington, Derby. This parcel was addressed to a residential premise in the UK and contained;

- 1 DMG injection
- 1 MSM injection
- 32 ITPP Paste

These products intended for use in horses are not authorised products in the UK.

The medicines were seized under Regulation 25 (Importation of unauthorised veterinary medicinal products) of the Veterinary Medicines Regulations 2013.

[News story: VMD and VPC Open meetings 2018](#)

The VMD and [Veterinary Products Committee](#) (VPC) held their annual Open meetings on 28 September. The event, introduced by VMD CEO Peter Borriello and VPC Chair Professor Malcolm Bennett, was well attended by representatives

from various stakeholders and a number of topics were discussed in a lively Q&A session.

Sarah Norton of the VMD's EU Exit team gave an update on the work that is being done towards planning for a successful Exit, and Professor Jason Weeks of the VPC gave a talk on the environmental risks resulting from topical spot-on ectoparasiticides when used as veterinary medicines for dogs. Links to their presentations can be found below.
