

[News story: PCA MRO Questionnaire](#)

Access the MRO questionnaire [here](#)

The PCA is keen to gather tenants' experiences of how the MRO procedure is being implemented in practice and whether tenants feel that they have a genuine choice in deciding whether staying tied or going free of tie is best for them and their business.

Responses will be used to inform the PCA's regulatory functions only and will not be referred for arbitration. However, completing the questionnaire will not affect any existing or future right to refer any Pubs Code-related dispute to the PCA for arbitration.

All responses will be treated in confidence in accordance with data protection requirements and the PCA privacy policy. Further information can be found at www.gov.uk/pca.

Hard copies of the questionnaire are also being distributed to tenants, on the PCA's behalf, via their pub company.

Please direct all questions relating to the questionnaire, to intelligence@pubscodeadjudicator.gov.uk or call the PCA enquiry line on 0800 528 8080.

Press release: Michael Spurr leaving role as Chief Executive of HMPPS

Richard Heaton, Permanent Secretary, said:

Michael is an exceptional public servant. His commitment to the organisation he leads, and to a humane and effective offender management system, has been unflinching, through a period when the system has faced extraordinary pressures, challenges and constraints.

Michael's leadership has been exemplary. But we now need to look ahead, building on Michael's work and developing a strategy for the next decade. I have therefore decided that April 2019 is the right time to ask a new chief executive to take on this important role."

Rt Hon David Gauke MP, Justice Secretary and Lord Chancellor, said:

I am extremely grateful to Michael Spurr for his leadership of HMPPS. His focus has been unwavering on doing the best for his staff and for victims of crime, on discipline in the prison estate and on caring for and rehabilitating offenders. He is an example of the very best of public service and civil service leadership. I look forward to continuing to work closely with Michael into the New Year.

The formal process to appoint Michael Spurr's successor will start in October this year.

Meanwhile, Michael Spurr remains chief executive of HMPPS, and will be a part of the team that will manage this transition safely and well.

Notes to editors:

- The Permanent Secretary is taking this opportunity to review the top management structure for HMPPS.
- Michael Spurr will remain in post as Chief Executive of HMPPS until the end of March 2019 and Michael will contribute to this work over the next 6 months.
