## [News story: Tune in to Companies House](#)

People like to access news and find out information in different ways. Some like to read long articles online. Others prefer to watch short videos or view infographics on social media.

We produce content in lots of different formats to cater for everybody. As well as our [website](#) and [blog](#), we're on [Twitter](#), [Facebook](#), [LinkedIn](#) and [YouTube](#). Following us on these channels will help you stay up to date with our latest news.

Recently we've created several new podcasts. Podcasts give people more flexibility on how and when they listen. They can also provide detailed information in an engaging way.

You can [listen to our podcasts](#) on our Soundcloud channel. They cover topics such as how to use our services and filing information. They also feature personal and engaging conversations with staff and business owners.

In our [latest podcast](#) we speak to Nicola Reed, owner and manager of Lullabyz Nursery. Nicola talks about setting up her business, and how it's grown since opening in 2011.

[Visit our SoundCloud channel and listen to our latest podcasts.](#)

The podcast forms part of a series of [case studies](#) where we speak to small business owners. We find out about the challenges and advantages of owning your own business, and what advice they'd give to others.

Our next podcast will be published on 20 August. It's about corporate social responsibility (CSR) – what it is, why it's so important, and our

responsibility as a government organisation to help the local community.

## [News story: Degree-level Apprenticeship in Economics](#)

The Institute for Apprenticeships has now approved the Professional Economist Integrated Degree Apprenticeship for delivery.

A diverse range of employers from across the industry helped to design and develop the new standard, as part of the Professional Economist

Apprenticeship trailblazer group, led by the Government Economic Service (GES).

Open to those with 3 A-Levels and an aptitude for maths, this 4-year integrated degree apprenticeship will create a new career route to becoming a professional economist. Once complete, apprentices will have a level 6 apprenticeship, an economics degree, along with the experience of 4 years on-the-job training.

For the GES, this is a new recruitment route into the profession. Apprentices will be provided with all the training to meet the high standards required of a government economist, through both formal and on the job learning, whilst earning.

This Standard is now open and available to all employers. For public sector organisations, the GES are leading on the procurement of a training provider partner, to be in place by mid-September 2018. Around 75 economist apprentices will be appointed across the Civil Service and wider public sector by August 2019, with training starting September 2019.

This new apprenticeship model is a key step in broadening the range of entry routes into the economics profession, and providing the opportunity for those from diverse backgrounds to embark upon a career in economics.
