

News story: Near miss with track workers at Clapham Junction

Forward facing CCTV image showing position of workers prior to near miss (image courtesy of South Western Railway)

At around 05:51 hrs on 17 January 2018, an empty coaching stock train was involved in a near miss with three Network Rail workers near Clapham Junction station. Nobody was injured, although the driver and the staff were shaken by the incident.

We have undertaken a [preliminary examination](#) into the circumstances surrounding this incident. Having assessed the evidence which has been gathered to date, we have decided to publish a [safety digest](#).

The safety digest will be made available on our website in the next few weeks.

News story: Autonomous vehicle trial announced by HumanDrive

Mike Wilson, Executive Director for Safety, Engineering and Standards, Highways England

Highways England is part of the consortium working alongside Nissan, who are leading the [HumanDrive](#) project.

Mike Wilson, Executive Director for Safety, Engineering and Standards at Highways England welcomed the announcement:

Highways England sees the potential benefits of greater automation of vehicles to deliver improved safety and increased mobility.

We will be working closely with our HumanDrive partners on the plans for the on-road testing. We will be taking the research and development of the Nissan vehicle to map how the introduction of such an autonomous vehicle can shape the future of our roads, in terms of safety, emissions, journey times and capacity.

Press release: Suspended jail term for landowner over illegal landfill site

The Environment Agency has successfully prosecuted a landowner and two men who blighted 19 acres of Cheshire farm land by dumping and landfilling tens of thousands of tonnes of waste.

Mr Eric Hale of Bank Top Farm near Frodsham was sentenced to 12 months imprisonment suspended for two years, disqualified from driving for 12 months ordered to work 200 hours unpaid and have a curfew of 8pm to 6am for three months after pleading guilty to operating an illegal waste site without an environmental permit and dumping and landfilling controlled waste on the land.

Mr Hale also paid £100,000 in contributions towards the Environment Agency's costs. Mr Dennis Whiting and Mr Stefan Street each received a Conditional Discharge for two years after pleading guilty to dumping and landfilling controlled waste.

The Environment Agency brought the case against Mr Eric Hale, Mr Dennis Whiting and Mr Stefan Street after a lengthy investigation. The investigation identified that significant amounts of waste were being brought on to the farm, which did not have an environmental permit.

The Environment Agency identified that the operation of the illegal site was closely connected with a waste company Eric Hale Skip Hire Ltd. The prosecution for the Environment Agency stated that the majority of waste collected by the company was illegally dumped and landfilled at Bank Top Farm instead of being taken to a legitimate waste site.

Tracey Rimmer, Area Environment Manager for the Environment Agency, said:

This operation demonstrates how the Environment Agency works in

partnership to tackle serious waste crime. We have worked closely with the police and local authorities to pursue these criminals and bring them to justice. Waste crime is a serious issue diverting as much as £1 billion per year from legitimate business and the treasury.

During the course of the investigation Eric Hale, Steffan Street and Dennis Whiting were seen driving large waste vehicles which delivered, deposited and disposed of mixed waste, demolition waste including plasterboard and other waste including carpets and mattresses.

Trommel fines, which are a by-product produced during the recycling process and consist of materials such as wood, aggregate, glass, ceramics and organics, were also dumped at Bank Top Farm. The unregulated deposit of waste has the potential to cause harm to the environment.

The Judge on sentencing said:

Eric Hale was driven by greed to continue the illegal operation.

Also the court did not accept any of the mitigation of the offending put forward but Eric Hale's substantial personal mitigating circumstances were acknowledged by the court.

If you see waste crime report it by calling our incident hotline on 0800 80 70 60 or anonymously to Crimestoppers on 0800 555 111.

Waste crime can cause serious pollution to the environment put communities at risk and undermines legitimate business and the investment and economic growth that go with it. You can call the Environment Agency on 0370 850 6506 to find out how to responsibly manage any waste your business produces or visit www.gov.uk/managing-your-waste-an-overview/overview.
