

# Press release: UK-Sudan Strategic Dialogue – April 2018 : Communique

The fifth meeting of the biannual Sudan-UK Strategic Dialogue was hosted by the Government of the Republic of Sudan in Khartoum on 24th April 2018, co-chaired by Ambassador Abdelghani Elnaim Awadelkarim, Undersecretary of the Ministry of Foreign Affairs of the Republic of Sudan, and Neil Wigan, Director for Africa at the Foreign and Commonwealth Office of the United Kingdom, accompanied by delegations from both countries.

The meetings covered bilateral issues, the peace process, human rights, development, trade and investment, migration, defence engagement, counter-terrorism and countering violent extremism, regional issues and culture. Both sides welcomed the continued progress in many aspects of the bilateral relationship since the last Strategic Dialogue meeting in London in October, and agreed to continue joint work in areas of mutual interest over the coming months.

Both sides welcomed the continued meetings between high level government officials from Sudan and the United Kingdom, including at Foreign Minister level last December. They discussed future work on macroeconomic development and reform, including technical assistance and support on improving business indicators. Both sides agreed to continue the regular dialogue on human rights between the two governments at all levels, in particular political and media freedoms in the run up to the 2020 elections, and the UK support for Sudan's accession to the Convention Against Torture (CAT) and other relevant Conventions. Both sides continued to emphasise the importance of joint work to combat trafficking in people.

On the peace process, both sides discussed the continuing reconfiguration of the UN-AU Hybrid Mission in Darfur (UNAMID) and agreed to continue to exchange views on the renewal of its mandate. Both parties welcomed the continued unilateral cessations of hostilities, and moves to open a UNAMID teamsite at Golo in Jebel Marra. They agreed to continue engaging constructively towards a negotiated political agreement to end the conflicts in Darfur and the Two Areas, including through the AU High Level Implementation Panel (AUHIP).

Both sides expressed strong concern about the ongoing conflict in South Sudan. The UK welcomed the Government of Sudan's support to the IGAD-led peace process and its continuing commitment to supporting South Sudanese refugees. Both sides agreed the importance of a politically inclusive peace process and agreed to engage constructively in support of the current IGAD led peace process.

The two parties also agreed to continue working together on countering terrorism and violent extremism. They welcomed continued exchanges of visits and agreed to consider further joint work in this field. Both sides were pleased with progress to deliver the current celebrations of the 70th

Anniversary of the British Council in Sudan and agreed to continue exchanges on cultural and educational issues, including primary and higher education, digitisation of archives and co-operation on youth strategies.

The UK and Sudan reaffirmed the importance of continued progress towards our joint goals, and a continued broadening of the bilateral relationship, and agreed to hold another Strategic Dialogue in London in October 2018.

## **Press release: Bus operator's licence curtailed after prosecution for failing to auto-enrol staff in company pension scheme**

A bus company which failed to auto enrol its staff into a company pension scheme has had its transport licence cut from 40 to 31 vehicles indefinitely.

Traffic Commissioner for the North West of England, Simon Evans, said Stotts Tours (Oldham) Ltd "manifestly brought its good repute into doubt" after director Alan Stott admitted he had buried his head in the sand about pensions requirements.

Stotts Tours (Oldham) Ltd was the first company to be prosecuted by the Pensions Regulator for failing to comply with the law on workplace pensions.

Mr Evans expressed his disappointment that as the regulator of the bus industry it was an operator in this sector who had "so clearly failed in its duty".

"That Stotts became the first company to be prosecuted casts a shadow on the industry," he added.

"My dismay is compounded because this case goes beyond a simply failure to comply with the law – since staff of companies such as Stotts are the very people whose interests an operator ought to be guarding and through the provision of pension schemes investing in their future."

The company was called to a public inquiry before the Traffic Commissioner on 27 April 2018. Alan Stott said he had buried his head in the sand regarding workplace pensions and failed to discuss it with his co-directors.

Evidence provided to the Commissioner showed the business now had a pension scheme in place, staff had been auto-enrolled and back payments of employer contributions had been made.

Mr Evans also heard about other changes the business had made and intended to put in place from August. He also made note of the company's positive record of operating vehicles on the road with regard to safety standards.

The Traffic Commissioner ordered the company's licence to be reduced from 40 to 31 vehicles indefinitely and recorded a formal warning on its transport licence. A number of undertakings were agreed relating to the appointment of a new transport manager, financial standing and the payment of fines.

He also said the repute of the firm's transport manager, Alan Stott junior, was tarnished.

Foreign Secretary statement on Prime Minister Netanyahu's Iran speech – GOV.UK

Boris Johnson responds to Prime Minister's Netanyahu's speech on 30th April 2018

Foreign Secretary, Boris Johnson, said:

The Israeli Prime Minister's presentation on Iran's past research into nuclear weapons technology underlines the importance of keeping the Iran nuclear deal's constraints on Tehran's nuclear ambitions.

The Iran nuclear deal is not based on trust about Iran's intentions; rather it is based on tough verification, including measures that allow inspectors from the International Atomic Energy Agency unprecedented access to Iran's nuclear programme.

The fact that Iran conducted sensitive research in secret until 2003 shows why we need the intrusive inspections allowed by the Iran nuclear deal today. The verification provisions in the Iran nuclear deal would make it harder for Iran to restart any such research. That is another good reason for keeping the deal while building on it in order to take account of the legitimate concerns of the US and our other allies.
