

National Statistics: Northern Ireland local authority collected municipal waste management statistics report: October to December 2017

This report presents provisional information on the quantities of local authority collected municipal waste managed in Northern Ireland. It provides information on the quantities and rates of local authority collected waste arisings, sent for preparing for reuse, for dry recycling, composting, energy recovery and sent to landfill. Some of these measurements are key performance indicators. These are used to assess progress towards achieving waste strategy targets and where appropriate this is highlighted in the tables and charts.

News story: New laws to protect your home address at Companies House

The law has been changed to make it easier to remove your home address from the company register. This applies to company directors and others such as secretaries, people with significant control (PSC) and LLP members, whose home address is publicly available on company documents.

To remove your home address, you can apply at a cost of £55 for each document you want to suppress.

You must provide an alternative correspondence address if you're still appointed to a live company, such as a current director. This will replace your home address on the public register.

If you're no longer appointed to a company, you do not need to provide an alternative address. Instead, only the first half of your postcode will be available to the public.

You cannot use this process to remove a home address if you've used it as a company's registered office.

[News story: Alvegesic vet. 10 mg/ml Solution for injection for Horses, Dogs and Cats – Product defect recall alert](#)

[News story: Developing cutting-edge commercial ideas: apply for funding](#)

Female tourist uses a smart city device to get directions in Barcelona.

Innovate UK has up to £20 million to invest in cutting-edge ideas that could have an economic impact.

Projects can work on disruptive and game-changing ideas in any sector of the economy or any field of technology.

They can be of various kinds from small feasibility studies to longer industrial research or experimental development projects.

Alongside this competition, there is also an opportunity for businesses to

apply for Knowledge Transfer Partnerships (KTPs).

- the competition opens on 10 May 2018, and the deadline for applications is at midday on 11 July 2018
- it is open to businesses working alone or with other businesses and researchers
- projects must include at least one micro, small or medium-sized enterprise
- we expect projects to range in size between £25,000 and £2 million and for them to last between 6 and 36 months
- businesses could attract up to 70% of their project costs
- a briefing event will be held on 14 May 2018

[News story: Bradford & Bingley mortgages sale to return £5.3 billion to UK taxpayers](#)

A £5.3 billion sale of Bradford & Bingley (B&B) mortgages acquired by the taxpayer during the financial crisis has been authorised by the Chancellor, Philip Hammond. The sale will enable the full repayment of the Financial Services Compensation Scheme (FSCS) loan to B&B, marking a major milestone in the plan to recover taxpayers' money.

Following a highly competitive auction, two portfolios of mortgages will be sold to an investor group led by Barclays Bank PLC. The proceeds from this sale will be used to repay the FSCS's loan to B&B in full and in turn reduce the national debt.

There will be no changes to the terms and conditions of the mortgages sold. Borrowers do not need to take any action.

The Chancellor, Philip Hammond said:

We are determined to recover the money the taxpayer invested during the financial crisis as soon as we can. The sale of these Bradford & Bingley loans is yet another significant step in putting the crisis behind us.

The proceeds of this sale will go towards reducing our national debt and securing a brighter future for the next generation.

B&B's and NRAM Limited's (formerly part of Northern Rock) closed loan books are managed by UK Asset Resolution (UKAR) on behalf of the taxpayer. Following today's (26 April 2018) transaction, UKAR now owns c.£14 billion worth of assets, down from £21 billion in September 2017 and from £116 billion in 2010.

This sale will raise sufficient funds for B&B to repay its loan from the FSCS – made at the time of nationalisation to finance the transfer of customers' deposits to Santander UK – which will, in turn, allow the FSCS to repay its own loan from HM Treasury. Repayment of these loans will end the need for a special levy on deposit-taking banks and marks the end of a legacy of the 2008 financial crisis.
