

News story: More people to receive help to stay warm in their homes thanks to new energy reforms

From:

First published:

30 January 2017

Part of:

Reforms to the Energy Company Obligation (ECO) will be targeted at households struggling to pay their energy bills.

Homes across the UK will get extra support to keep warm during the colder months [thanks to reforms published today](#). Changes to the Energy Company Obligation (ECO) will make sure energy companies provide necessary support to people struggling to meet their heating bills. Plans to extend the scheme from April 2017 to September 2018 were also published today.

The reforms which were consulted on last year will usher in a simplified scheme, with energy companies required to provide struggling households with free energy efficiency measures to make their homes warmer and bring their bills down.

Minister for Energy and Industry, Jesse Norman said:

The Government is committed to tackling fuel poverty, and a key part of that is to help people keep bills down by living in more energy efficient homes. These changes will move the UK a further step towards the goal of insulating a further 1 million homes by 2020.

As well as an increased focus on low income and vulnerable homes, eligibility will be extended to social housing tenants in EPC bands E, F and G, and local authorities will also be able to help match people with energy suppliers.

Suppliers will also be required to install a minimum 21,000 solid wall insulations per year, up from the consultation figure of 17,000.

There will be continuing protection for the delivery of energy efficiency measures in rural areas, with a requirement that 15% of suppliers' Carbon Emission Reduction Obligation be delivered in these areas.

ECO has proved a very effective delivery mechanism with over 2 million measures installed in around 1.6 million properties between 2013 and the end

Press release: Planned road works in the North West: summary for Monday 30 January to Sunday 5 February 2017

The following summary of planned new and ongoing road improvements over the coming week is correct as of Friday 27 January and could be subject to change due to weather conditions or unforeseen circumstances. All our improvement work is carried out with the aim of causing as little disruption as possible.

Drivers looking for roadworks information (such as overnight carriageway closures) for individual schemes should now visit [Traffic England](#). Some of our larger schemes have project pages giving other information. These can now be accessed from a [dedicated regional page](#)

M6 junctions 16 to 19: Cheshire smart motorway

Work is underway to upgrade the M6 to a smart motorway between Crewe and Knutsford, converting the hard shoulder to an extra lane and introducing new variable speed limits. Narrow lanes and a temporary 50mph speed limit are in place for the safety of drivers and workers. The northbound carriageway will be closed overnight (10pm to 6am) between junctions 16 and 17 for 3 nights from Monday 30 January, and southbound between the same junctions for 3 nights from Thursday 2 February.

M6 junction 22 Newton-le-Willows

Essential bridge maintenance work is underway to replace 40 corroded bearings on the M6 junction 22 bridges. Average speed cameras and a 50mph speed limit are in place. The work, between junctions 21a and 23, is due to be completed in the spring.

M6 junction 34 Lancaster

Lancashire County Council's new link road between junction 34 of the M6 and Heysham has now opened but finishing work will require lane and hard shoulder closures along the M6 through junction 34 to continue for the time being.

More information is [available on the scheme website](#).

M6 north of Tebay Services

One lane will be closed during the day and two lanes will be closed overnight on the southbound carriageway for resurfacing work. The work is due to be completed by March and a temporary 50mph speed limit is in place.

M6 junction 45 Gretna Green to junction 44 Carlisle

Resurfacing work is taking place on the southbound M6 overnight, with one lane remaining open to traffic. The scheme is due to be completed by the end of February.

M6/M62 Croft Interchange

A major project is taking place to tackle congestion and improve the flow of traffic between the M6 and M62 at Croft Interchange. Variable speed limits will be introduced on new electronic information signs on the M62 and traffic lights will be installed on the link roads from the M6. Narrow lanes and a temporary 50mph speed limit are in place for the safety of drivers and workers.

M56 junction 10 Warrington

Work to upgrade the safety barrier and paint new road markings on the M56 near Warrington is due to start on Monday 30 January. Lane closures will be in place overnight between 8pm and 5am, Monday to Friday. The project is due to be completed by the end of March.

M60 junction 8 Sale to junction 20 Rochdale

A major smart motorway scheme is taking place to cut congestion and improve journey times on parts of the M60 and the M62 in Greater Manchester. The scheme involves overnight slip road and carriageway closures, with narrow lanes and a temporary 50mph speed limit in place for the safety of drivers and road workers.

Details on overnight closures are available on our [Facebook page](#).

M61 junctions 4 Atherton to junction 5 Westhoughton

A scheme is taking place overnight to replace the central reservation barrier between junctions 4 and 5 on the M61. The work is being carried out between 9pm and 5am, Monday to Friday, and is due to be completed by February. Temporary lane closures will be in place.

M61 to A580 Kearsley

The southbound link road from junction 2 of the M61 near Kearsley to the eastbound A580 East Lancashire Road is closed overnight for resurfacing. The work will take place between 8pm and 5am, Monday to Friday, and until 7am at

weekends. The scheme is due to be completed by early February.

M66 Junction 2 Bury to Junction 4 at M60/M62

Resurfacing work started on Monday 16 January between junctions 2 and 4 of the M66. Some bridge repairs and electrical work will also take place. The work will be carried out between 8pm and 6am and will require some lane or full carriageway closures. A temporary 50mph speed limit will also be in place, and the scheme is due to be completed by March.

A556 Knutsford to Bowdon

A £192 million project is being delivered to build a new dual carriageway linking the M56 to the M6 in Cheshire. The A556 will be closed overnight (9pm to 5am) northbound between Mere and Bowdon roundabout and southbound between Bowdon roundabout and Bucklow Hill for two nights from Monday 30 January and for another two nights from Thursday 2 February. Slip road closures at junctions 7 and 8 of the M56 will also be in place.

A585 West Drive to Fleetwood Cycleway

Work is taking place on a new shared footpath and cycleway between West Drive and Fleetwood. Narrow lanes and a temporary 30mph speed limit are being used along the route to help provide a safe space for workers constructing the new shared paths. Work will take place between 7am and 7pm each day with occasional overnight work. The project is due to be completed by the end of March.

A590 Lindal in Furness

Work is being carried out to tackle flooding between Pennington Lane and Bank End Cottages. Narrow lanes and a temporary 30mph speed limit will be in place until completion at the end of March.

A595 Egremont

Repairs are taking place to the safety barriers adjacent to Wyndham Place on the A595 and are due to be completed by the end of February. A contraflow system is in place on the southern approach to the Main Street/East Road roundabout.

A66 Bassenthwaite Lake

A contraflow system is in place while work is carried out on the embankment in the central reservation next to Bass Lake. The scheme is due to be completed in the spring.

A66 Thornthwaite (Osprey Site)

Construction work is being carried out to protect the A66 from flooding, at the Osprey Site near Thornthwaite, by raising the height of the carriageway. Temporary traffic lights are in place along with a 40mph speed limit. The scheme is due to be completed in the spring.

A66 Marron Bridge

Maintenance work is underway on Marron Bridge, between Broughton Cross and Bridgefoot on the A66. The A66 will be closed overnight between 8pm and 9am on Friday 3 and Saturday 4 February, and between 8pm and 9am on Sunday 5 February. A diversion will be in place and temporary traffic lights may also be in use during the daytime. The project is due to be completed by March.

A66 Brough

Resurfacing and drainage work is taking place on the eastbound carriageway at Brough. Overnight lane closures will be in place, between 8pm and 6am, with traffic led through the roadworks by a contractor's vehicle.

A665 Bury Old Road

A scheme is taking place to upgrade the safety barriers on the A665 bridge on Bury Old Road over the M60 near junction 17. The work will be carried out between 8.30am and 11pm, Monday to Friday, with temporary traffic lights and lane closures in place from 6.30pm. Some overnight and weekend working may also be required. The Kenilworth Avenue junction with Bury Old Road will be closed throughout the scheme, with a diversion in place. The project is due to be completed by March.

[Press release: Planned roadworks in](#)

the North East: summary for Monday 30 January to Sunday 5 February 2017

The following summary of planned new and ongoing road improvements over the coming week is correct as of Friday 27 January but could be subject to change due to weather conditions or unforeseen circumstances. All our improvement work is carried out with the aim of causing as little disruption as possible.

A1 junction 56 Barton to junction 51 Leeming Bar

There will be phases of overnight lane closures and full carriageway closures while work takes place to upgrade the road to motorway standards. There will also be narrow lanes and a 50mph speed restriction 24 hours a day. On Monday 30 January there will be a closure northbound and southbound at junction 56 with a diversion down and under the interchange.

There will also be a northbound and southbound closure at Scotch Corner interchange with a diversion up and over the interchange. From Tuesday 31 January to Thursday 2 February there will be a closure northbound at junction 56 with a diversion down and under the interchange.

There will also be a northbound and southbound closure at Scotch Corner interchange with a diversion up and over the interchange. Then on Friday 3 February there will be a closure northbound at junction 56 with a diversion down and under the interchange.

There will also be a closure of the northbound entry slip at Scotch Corner interchange with a diversion southbound to Catterick Central and back. All closures will take place between 8pm and 6am.

A1 Blaydon Haugh Viaduct, junction 73 to junction 74, Newcastle upon Tyne

There is a 50mph limit in operation over Blaydon Haugh Viaduct due to the installation of temporary plates over defective viaduct joints. From Monday 30 January to Sunday 5 February there will be a carriageway closure southbound. All these closures will take place between 8pm and 6am with a diversion in place.

A1 / A1M junction 64 to junction 67, Gateshead

There will be various lane and carriageway closures north and southbound for structural repairs, commencing on Wednesday 18 January until the end of February.

A1 Morpeth, Northumberland

There will be work ongoing until spring 2017 for the construction of a bypass. There will be various phases of daytime and night time lane and carriageway closures, with narrow lanes and a 40mph speed restriction in place.

A1 Haggerston, Northumberland

There will be convoy working and traffic lights in place north and southbound to install new crossing areas. This will take place from Monday 30 January until late February between 8am and 4.30pm.

A1 Wandyław to Warrenford, Northumberland

There will be traffic signals in place north and southbound for survey work. This will take place until Wednesday 8 February between 8pm and 6am.

A19 Silverlink, North Tyneside

There is a 24 hour 30mph speed restriction with narrow lanes for interchange improvement work. The A1058 Coast Road will be closed with a diversion down and under the junction on Friday 3 February 9.30am until 3.30pm.

A66 Long Newton, Stockton on Tees

There will be 24 hour traffic signals in operation on the slip road and interchange for construction work. This will take place until the end of February.

A66 Surtees Bridge, Stockton on Tees

There will be a westbound carriageway closure for structural maintenance work, taking place on Monday 30 January between 8pm and 6am with a diversion in place.

A66 Cross Lanes to Rokeby, County Durham

There will be convoy working in place east and westbound with some central reservation right hand turn lanes closed for resurfacing work. This will take place until Friday 3 February between 8pm and 6am, with some diversions in place.

A66 Bowes Moor to Cross Lanes, County Durham

There will be a lane closure east and westbound for horticultural work. This will take place until Tuesday 31 January between 7am and 5pm.

News story: MHRA launch 'DMAA Week of Action'

From:

First published:

30 January 2017

MHRA has launched a 'Week of Action' to improve awareness of unlicensed medicines containing the potentially dangerous ingredient DMAA.

The Medicines and Healthcare products Regulatory Agency has launched a 'Week of Action' between 30th January and 5th February aimed at improving awareness of unlicensed medicines containing the potentially dangerous ingredient DMAA.

The week of action aims to improve public awareness and encourages consumers of sports supplements to check to see if their products contain DMAA or any alternative names of the potentially dangerous ingredient. It includes an animated social media campaign, health & fitness bloggers sharing their stories and a video with Dr Chris Jones and weightlifters.

MHRA visited the National Sports Stadium in Crystal Palace with British Weight Lifting, and spoke with Team GB weightlifter [Mercy Brown](#) and Commonwealth medallist [Forrester Osei](#).

A number of leading national organisations have supported the week, including British Weightlifting, UK Anti-Doping, ESSNA, UK Active, National Food Crime Unit and Sporting Integrity Ltd.

[Dr Chris Jones interview](#)

You can check if your supplement contains DMAA by checking the [global DR0 list](#), by entering a sport and searching for 'DMAA' and looking at the alternative names of the ingredient.

If you suspect your supplement contains DMAA, or it is being sold in the UK, then please email us at dmaa@mhra.gsi.gov.uk

We will always investigate instances of the sale and supply of unauthorised medicinal products, including those that may be present in sports supplements.

Any offence committed under the Human Medicines Regulations 2012 could lead to prosecution.

News story: Brokenshire attends GAA Dr McKenna Cup Final

From:

First published:

28 January 2017

Part of:

Later this evening, Rt Hon James Brokenshire MP, Secretary of State for NI, will attend the much anticipated 2017 Bank of Ireland Dr McKenna Cup final at Páirc Esler, Newry.

Tonight's game promises to be a fiercely contested match, with old rivals Derry and Tyrone gearing up for a win.

Mr Brokenshire's attendance at this prestigious event marks the first time a Northern Ireland Secretary of State has attended a GAA match played in Northern Ireland. Speaking ahead of the match, Mr Brokenshire said:

I am absolutely delighted to have been invited to attend the Dr McKenna Cup final this evening. You cannot fail to be struck by the sheer passion that GAA supporters have for their game, and the true community spirit that it generates.

The GAA promotes a strong community ethos and the support initiatives they offer to their wider communities must be congratulated. I encourage them to continue with this important work.
