

Statutory guidance: SR2015 No 18: metal recycling, vehicle storage, depollution and dismantling facility

Updated: Added to 'details' section: You can apply online for most standard rules environmental permits.

These standard rules allow you to operate a metal recycling site and a vehicle depollution and dismantling facility at a specified location.

These rules will permit the sorting, separation, grading, shearing, baling, compacting, granulating of cables and cutting using hand-held equipment only, of ferrous metals or alloys and non-ferrous metals for recovery as well as the recovery (including storage) of all waste motor vehicles.

The total quantity of waste that can be accepted at a site under these rules must be less than:

- 25,000 tonnes a year of waste metal
- 5,000 tonnes a year of waste motor vehicles

The rules will not permit the burning of any wastes, either in the open, inside buildings or in any form of incinerator.

You can apply online for most standard rules environmental permits.
