

# Press release: Fines for six Hampshire anglers caught fishing without a licence

Jack Sillence of Blackfield, Southampton was caught at Mopley Pond on 5 June 2016 and fined £660 (plus £127 costs and £66 victim surcharge leading to a total bill of £853). The exact same amount was charged to Nik Sinclair of Ringwood who was apprehended on 29 May 2016 at Hightown Lake. Andrew Turner of Southsea was caught at Broadlands Lake on 29 May 2016 and fined £660 (plus £127 costs and £60 victim surcharge). None of the above entered a plea.

Environment Manager Mike O'Neill said:

We are seeing higher and higher fines for fishing without a licence. It makes no sense to have the embarrassment of a court visit, a criminal conviction and a bill for over £800 when an annual licence is currently just £27. We think these cheats will think twice before picking up a rod illegally again and if they don't, our officers are ready and waiting.

Kerry Farr of Eastleigh was caught at Broadlands Lake on 29 May and after pleading guilty was fined £440 (plus £127 costs, £44 victim surcharge). Kristofer Cairns of Andover was apprehended on 21 May 2016 at John O'Gaunt, Kings Sombourne, didn't enter a plea and was fined £600 (plus £127 costs, £60 victim surcharge). Finally, Jonathan Ramsey of Chessington pleaded guilty having been caught on 29 May at Broadlands – he was fined £500 (plus £127 costs, £50 victim surcharge).

Mike O'Neill added:

Yesterday was a good day for the near million anglers that fish legally every year, respecting each other and the sport. There really is no excuse – if you don't have a licence, pick one up from the Post Office or online before we pick you up.

The money from licence sales supports fish, fisheries and fishing and protects the future of the sport. A small number of anglers refuse to buy a licence, cheating the sport and their fellow anglers.

For the minority who flout the rules, the most common offence is fishing without a valid licence. Fishing without a valid licence could land you with a fine of up to £2,500 and a criminal record.

Overall, in 2015, Hampshire and Sussex enforcement officers checked 2,615 licences and reported 177 for fishing illegally. Last year in England, the

Environment Agency checked over 62,000 rod licences and prosecuted more than 1,900 anglers for rod and line offences resulting in fines and costs in excess of £500,000.

Any angler aged 12 or over, fishing on a river, canal or still water needs a licence. A full rod licence costs from just £27 (concessions available). You can buy your rod licence [online from the Post Office](#), at your local Post Office or by phoning 0344 800 5386.

Money from rod licence sales is invested in England's fisheries, and is used to fund a wide range of projects to improve facilities for anglers including protecting stocks from illegal fishing, pollution and disease, restoring fish stocks through restocking, eradicating invasive species, and fish habitat improvements. Rod licence money is also used to fund the Angling Trust to provide information about fishing and to encourage participation in the sport.

To help crack down on unlicensed fishing the Environment Agency urges anyone to report illegal activity by calling the Environment Agency's incident hotline on 0800 80 70 60 or anonymously to Crimestoppers on 0800 555 111.

## [Theresa May must stand up for our country's values when she meets Donald Trump – Jeremy Corbyn](#)

**Jeremy**

**Corbyn MP, Leader of the Labour Party,**

commenting on the Prime Minister's meeting with President Trump, said:

"Theresa

May must stand up for our country's values when she meets Donald Trump and oppose his support for torture, which is inhumane, illegal and delivers false intelligence. There can be no indulgence of the US President's renewed threat to ban Muslims or build a wall on the Mexico border.

"The

Prime Minister must assure the British people that any trade deal with the United States won't open up the National Health Service to privatisation and control by US companies. We won't let Theresa May turn Britain into a bargain basement tax haven off the coast of Europe to be ripped off by the world's biggest corporations.

"And

for the future of the planet, Theresa May needs to remind President Trump that

climate change is real and not a hoax invented by the Chinese.”

## PhD Placement Opportunity: Developing Access to the Evolving English VoiceBank

The *Evolving English VoiceBank* is an audio archive of approximately 15,000 voices created by visitors to the Library's *Evolving English* exhibition in 2010/11. This collection is only partly catalogued and a new placement opportunity at the British Library offers a PhD student the chance to work on this unique and so-far unexplored archive.

During the three-month placement (or part-time equivalent) the student will audit [VoiceBank](#) and [WordBank](#) audio files and prepare cataloguing metadata for about 500 to 750 files for the Sound and Moving Image catalogue. The student will receive training in audio editing software and in preparing cataloguing records, and will also be able to use the collection for original research or potentially to support their own doctoral project. The content will be particularly relevant for students of dialectology, sociolinguistics, phonetics or language variation and change.

The placement student will be a full member of the Spoken English team, which sits within the British Library's Sound & Vision team, and participate in the department's core activities. This may involve taking part in workshops or conferences, writing blog posts, and preparing content for online resources. The placement will support the development of transferrable skills in areas such as public engagement, team-working, and project planning and delivery. It will be an opportunity to engage in the work of a world-class research Library and to understand its content, structure and remit.

The placement would suit someone studying for a PhD in linguistics or English Language. They would be expected to have a thorough grounding in dialectology, sociolinguistics and/or phonetics. Familiarity with British accents would also be desirable. View a detailed [placement profile](#).

### **Application guidelines**

For full application guidelines and profiles of the other placements offered under this scheme, visit the Library's [Research Collaboration webpages](#).

The application deadline is **20 February 2017**.

For any queries about this placement opportunity, please contact [Research.Development@bl.uk](mailto:Research.Development@bl.uk)

## **A note to interested applicants**

This is an unpaid professional development opportunity, which is open to current (or very recent) PhD researchers only. To apply, you need to have the approval of your PhD supervisor and your department's Graduate Tutor (or equivalent senior academic manager).

Our PhD placement scheme has been developed in consultation with Higher Education partners and stakeholders to provide opportunities for PhD students to develop and apply their research skills outside the university sector. Please note that the Library itself is not able to provide payment to placement students, nor can it provide costs for daily commuting or relocation to the site of the placement. Anyone applying for a placement at the Library is expected to consult their university or Doctoral Training Partnership/Doctoral Training Centre to ascertain what funding is available to support them. The Library strongly recommends to universities that a PhD student given approval to undertake a placement is in receipt of a stipend for the duration of the placement.

## **The latest crime statistics show the true scale of the challenge our officers now face – Diane Abbott**

**Diane Abbott MP, Labour's Shadow Home Secretary,**  
speaking after the release of police workforce statistics, said:

"With over 20,000 officers lost since 2010, the Tories are risking public safety with these extreme cuts.

"They slashed police budgets in the last Parliament and are reducing funding even further now.

"The latest crime statistics show the true scale of the challenge our officers now face. This is the worst time to cut the police."

## **It is clear that the Tories' rigged economy simply isn't delivering for**

# the majority of people in Britain – Rebecca Long-Bailey

**Rebecca Long-Bailey MP, Labour's Shadow Chief Secretary to the Treasury**, responding to GDP figures published today, said:

"While we welcome today's Q4 GDP figures, growth for 2016 as a whole is lower than 2015, and lower than forecast by the OBR just two months ago in the Autumn Statement. It is clear that the Tories' rigged economy simply isn't delivering for the majority of people in Britain. Prices are rising but earnings are still below where they were before the financial crash. As a result, we have extremely high levels of household debt as people struggle to make ends meet on incomes alone.

"Manufacturing is bumping along without proper support from government to power it through Brexit, even the Bank of England acknowledged recently that our economy was being driven by consumer spending rather than trade and export.

This is clearly not a Government serious about making sure that we support British industry and claim a prestigious place at the world's table as we leave the European Union.

"Labour will fix our rigged economy with a real living wage, expected to be £10 an hour by 2020, and the long-term, patient investment we need to make sure that businesses thrive and that nobody and no community is left behind."
