

## Children travel for 20p on Dundee buses

Just a reminder that the school holiday scheme to help families with young children get out and about runs right through the October school holidays until Sunday 21st October.

The City Council has again teamed up with the city's three bus operators to offer a 20p fare to children when they travel with an adult fare payer or concession ticket holder.

The scheme allows families to enjoy a day out and discover the city by bus – with up to three under-16s per paying adult, including those with season tickets and weekly passes, travelling for 20p each.
