

Comics and Creature Curation – Creative Workshop

From the Curator of Museum Services at the University of Dundee :

This Saturday (20th November) from 2pm to 4pm at the Lamb Gallery, Tower Building, University of Dundee, you can join us for a comics workshop imagining the lives behind the animals in the D'Arcy Thompson Zoology Museum.

Learn more about comics and create your very own comic strips inspired by the inhabitants of the museum, hosted by comics artist Cat Laird.

We'll start in the Lamb Gallery where you'll see both comics and animals in our Drawn exhibition, before heading over to the Zoology Museum.

Places must be booked in advance at www.eventbrite.co.uk/e/comics-and-creature-curation-creative-workshop-tickets-199030404297
