

Corporate report: National Waste Programme Quarterly Report: Q4 FY 2017 to 2018

The National Waste Programme (NWP) is a cross-UK programme of work to lead the ongoing implementation and delivery of the UK Nuclear Industry Solid LLW Strategy.

The NWP covers all nuclear industry waste producers including those in the NDA estate, the public sector and the private sector. The NWP is led by LLW Repository Ltd on behalf of the NDA (who are responsible for leading strategy implementation for the Department for Business, Energy and Industrial Strategy (BEIS)).

The NWP works collaboratively with its stakeholders to produce a Blueprint and Benefit Map to show the direction of travel for strategy implementation. The activities to deliver the strategy are executed by the stakeholders of the NWP, for example by waste producers through their waste management practices.

Find out more about the [National Waste Programme](#); established to implement the [UK LLW Strategy](#). An industry-wide collaboration led by LLWR on behalf of the NDA.
