

Corporate report: NDA and PHE Epidemiology Governance Group Annual Report 2016 to 2017

Significant epidemiological and radiobiological research involving nuclear industry workers was previously sponsored by parts of the UK nuclear industry.

Nuclear Decommissioning Authority (NDA) now own and manage this work and its assets. Public Health England (PHE) are contracted by NDA to maintain and carry out research on these assets.

The NDA-PHE Epidemiology Governance Group provides Independent governance and oversight of this work.
