

[Defence Innovation Loans updates: join the upcoming webinar to see what we have in store](#)

- On 13 December 2022, DASA and Innovate UK will host a webinar to share exciting changes for the future of Defence Innovation Loans
- Defence Innovation Loans are delivered via a unique partnership between DASA and Innovate UK
- Defence Innovation Loans is an alternative funding method to help Small and Medium-sized Enterprises (SMEs) who often struggle to bring their ideas to market

The [Defence and Security Accelerator](#) (DASA) introduced [Defence Innovation Loans](#) in the summer of 2021, as an alternative funding method to help convert mature defence innovations into viable business propositions that can compete for defence procurement. Aimed at Small and Medium-sized Enterprises (SMEs), and with a below market interest rate of 7.4% per annum, Defence Innovation Loans provide affordable funds to help innovators commercialise defence innovations.

Following success of the Defence Innovation Loans funding model, DASA and [Innovate UK](#) are pleased to hold an upcoming [webinar](#) to announce exciting changes to improve the service. Attendees will also have the opportunity to ask the hosts questions they have about the service.

Register now: 13 December – [Defence Innovation Loans: Webinar](#)

What will the webinar cover?

- What is DASA?
- How do Defence Innovation Loans work?
- What is new with Defence Innovation Loans?
- Who can apply – is your business and innovation eligible?
- What you can borrow – amounts and eligible costs.
- What project and loan periods are available and what the repayment terms are.
- How to apply for a Defence Innovation Loan; information about submitting applications to DASA and Innovate UK.
- Q&A.

Defence Innovation Loans: what's new?

DASA always seeks to improve its services, so aspects of the Defence Innovation Loans model will change in mid-December 2022. Here is how we are improving the service and making it easier for you to apply:

- Defence Innovation Loans are expanding to offer loans from £100K to £2m (previously £250K to £1.6M)

- the loan availability period will be up to 3 years (previously 2)
- Defence Innovation Loans will return to cycles, but will remain open at all times throughout the year
- the initial outcome of loan eligibility will still be carried out by DASA and Innovate UK, within 7 weeks from the closing date of the cycle

Attend the upcoming webinar to learn more and keep an eye on the DASA homepage for updates.

Who can apply for a Defence Innovation Loan?

To apply for a Defence Innovation Loan, you must:

- be a UK registered SME
- intend to exploit the results in the UK or overseas to make a significant and positive impact on the UK economy and / or productivity
- give evidence that your business is suitable to take on a loan

Please note, individuals, academic institutions, research organisations and large companies are not eligible for Defence Innovation Loans.

What innovations are considered for a loan?

Defence Innovation Loans are open to innovative ideas to improve the defence of the UK. Your innovation must be mature, at [TRL 6](#) or above, to ensure the solution can be commercialised within the time scale of the loan. There must also be clear evidence of a Defence need for the innovative solution.
