Get local support – a useful new resource for vulnerable people

GetLocalSupport.org is connecting vulnerable people with volunteers approved by volunteer organisations.

It is currently in a test phase and although it will be rolled out across the country in time, it is currently offering support only to vulnerable people based in Dundee. It is being supported by Dundee Volunteer and Voluntary Action.

Some of the things people can request are :

- + A conversation with someone
- + Pick up shopping
- + Pick up a prescription
- + Walk my dog
- + Digital skills assistance

You can read more at www.GetLocalSupport.org and make a request for assistance there too.

[Important energy information over the festive period](#)

Festive period 2020

Important Energy Information

Energy suppliers are on a very reduced emergency service over the festive period.

During this time, if you are about to go off supply or are already off supply, please phone your supplier on the emergency number provided below.

If you have a prepay meter and are struggling financially you can contact your energy supplier and they will usually help you out with top up credit which can be paid back at an affordable rate.

If you experience a power cut, please phone 105 to report this.

From Dundee Volunteer and Voluntary Action :

"We are pleased to announce a collaboration with the Companionship Society at the University of Dundee and are overwhelmed by the number of students keen to be pen friends with older people. They have their pens and notepads poised but we need pen friends for them to write to. Can you help?

Why not make it our New Year's resolution to sign up to something completely different and make friends with someone you wouldn't normally be in contact with.

Do you know someone who might like to do this? Why not sign up yourself or refer a friend. You will be matched up with people based on your hobbies and

favourite pastimes.

We will provide you with paper and stamps and you can reply at your own leisure.

Get in touch on with Clare on 07983 707168 or Jordan on 07983 706626 if you would like to find out more."
