

The Special Issue of the Journal of Quaternary Science on the Quaternary of the North Sea

The special issue stems from the Quaternary Research Associations Annual Discussion Meeting that staff from BGS Edinburgh organised in 2015. BGS scientists feature as authors on a significant number of the papers.

Jurassic Coast map drains the sea to reveal geology

Scientists from the British Geological Survey (BGS) and University of Southampton have published a seamless onshore-offshore bedrock geology map of the eastern half of the Jurassic Coast World Heritage Site.
