

Guidance: Assess the impact of air quality

Techniques that analysts, consultants and academics can use to assess the effect of air quality on human health and the environment.

News story: Seneca Valley Virus confirmed in pigs in England

UK Chief Veterinary Officer has confirmed five cases of Seneca Valley Virus in pigs

Guidance: The Blue Belt Programme

The Blue Belt Programme supports the UK Overseas Territories with the protection and sustainable management of their marine environments.

Form: Caprine and ovine (live): model health certificates

Competent authorities of exporting countries should use the relevant model health certificate as a template to create a version exporters can apply for to export live caprine and ovine to Great Britain, the Channel Islands or Isle of Man.

Guidance: Clean air zones

Where you'll find clean air zones, how to check if you'll need to pay a charge and create a business account, and what support or exemptions are available.
