

Guidance: List of approved EU extended breeding programmes

EU breeding body programmes for bovine, ovine, caprine, porcine and equine species that have been approved to extend their geographical territory into the UK.

The Animal Health, Plant Health, Seeds and Seed Potatoes (Miscellaneous Amendments) Regulations 2021

The purpose of this instrument is to address failures of retained EU law to operate effectively following the withdrawal of the United Kingdom ("UK") from the European Union ("EU"). This will ensure that plant and animal health controls can operate effectively to protect biosecurity and support trade between Great Britain ("GB") and the relevant third countries.

News story: Poultry keepers – Act now to reduce your risk from bird flu this winter
