---

## **Guidance: Use organic fertiliser**

Find out how land managers can improve the health of their soil by using organic fertiliser.

---

## **Guidance: Use rotational grazing on permanent grassland**

Find out how land managers can increase the number of plant species and improve soil health on permanent grassland by using rotational grazing.

---

## **Guidance: Information on farm advice for farmers and land managers**

The Farm advice programme is managed by Natural England and provides advice to farmers, land managers and their advisors. It also raises awareness and understanding of environmentally sustainable land management to support Countryside Stewardship Mid Tier applications.

---

## Guidance: Create areas of bare ground for invertebrates

Find out how land managers can create essential habitat for invertebrates, to increase their numbers and help plant and crop pollination.
