

Research and Innovation: call in Cornwall and the Isles of Scilly (OC05R21P 1053)

Call for project's providing research and innovation support in Cornwall and the Isles of Scilly.

Detailed guide: Laying hens and flocks: poultry testing for salmonella

When and how to take samples for the salmonella national control programme (NCP) if you're an egg producer, and what happens if a laying flock tests positive.

Open consultation: Live animal exports: improvements to animal welfare in transport

Seeking views on ending live animal exports for slaughter and fattening, starting in or transported through England or Wales, and on further improvements to animal welfare in transport.

Guidance: Salmonella in poultry: testing laboratories in the UK

Approved laboratories for testing of salmonella in poultry, broilers and turkeys under the Salmonella National Control Programmes.

Press release: Consultation to improve management of industrial emissions

Consultation launched on new regime for the development of techniques to manage industrial emissions
