

Collection: Shoreham Adur tidal walls scheme

Updated: Amendments to text 15 December 2017.

The Environment Agency is working with Coast to Capital Local Enterprise Partnership (LEP), Adur District Council and West Sussex County Council to reduce the risk of flooding to Shoreham-by-Sea and East Lancing.

The scheme will reduce the risk of flooding to over 2,300 homes and 169 commercial properties by significantly improving the standard of existing tidal defences in Shoreham-by-Sea.

The £32 million project is partnership funded, with a £23.8 million contribution from government attracting partnership contributions from West Sussex County Council, Coast to Capital LEP, and some private developers through Adur District Council.

Notice: Yorkshire Water Services Limited (NPS/WR/027156): application made to impound water

The Environment Agency consult the public on certain applications for the abstraction and impoundment of water.

These notices explain:

- what the application is about
- which Environment Agency offices you can visit to see the application documents on the public register
- when you need to comment by

Open consultation: The Devolution of

Landfill Tax (Wales) Order 2018

Landfill Tax is to be devolved to Wales in April 2018. Landfill Tax will no longer apply to disposals of waste in Wales. The Welsh Government will introduce Landfill Disposals Tax which will replace Landfill Tax in Wales.

HM Revenue and Customs has published draft legislation, together with a draft explanatory memorandum, for an 4 week period of consultation which will close on 4 January 2018. Find out more in the tax information and impact note [Devolution of Landfill Tax to Wales and the 2 year transitional period for the Landfill Communities Fund](#)

The draft legislation introduces the changes needed to make sure that Landfill Tax is paid on all disposals up until 31 March 2018, even if it would normally be accounted for at a later date. This will allow LCF funds to continue being spent on projects in Wales for a 2 year transitional period following devolution.

Policy paper: Devolution of Landfill Tax to Wales and the 2 year transitional period for the Landfill Communities Fund

Landfill Tax will be devolved to Wales from 1 April 2018 and the LCF in Wales will close. Environmental bodies may hold unspent funds from contributions by landfill operators located throughout England, Northern Ireland and Wales.

Ministers decided that there should be a 2 year transition period, from 1 April 2018 until 31 March 2020, during which these unspent funds can be spent on projects located in England, Northern Ireland and Wales.
