

The Fluorinated Greenhouse Gases (Amendment) (EU Exit) Regulations 2021

This instrument corrects deficiencies in two European Union Implementing Regulations relating to restrictions on the use of fluorinated greenhouse gases ("F-gases"). These corrections are necessary to ensure that the legislation continues to operate effectively following the United Kingdom's exit from the EU and now that the Transition Period has ended.

News story: Ferrets to be removed as permitted target species for the D0C 250 spring trap

Statutory Instrument published to remove ferrets as permitted target species for the D0C 250 spring trap following concerns.
