

National Statistics: Timber price indices: data to March 2017

This release is published twice a year and comprises two price indices, the Coniferous Standing Sales Price Index and the Softwood Sawlog Price Index. Both indices are based on sales of softwood (conifers) and cover sales in England and Scotland by the Forestry Commission, and sales in Wales by Natural Resources Wales.

Official Statistics: Joint Forest Sector Questionnaire: Provisional 2016 data

This release contains the data on UK wood production, imports and exports to be submitted to international organisations for the production of international statistics on forest products.

National Statistics: Historical statistics notices on the incidence of tuberculosis (TB) in cattle in Great Britain, 2017

Updated: Revised Quarterly Statistical notice for 4th Quarter.

This publication gives previously published copies of the quarterly and monthly statistics publication on the incidence of tuberculosis (TB) in cattle for Great Britain in 2017. Each publication gives the figures that were available at that time. The figures are subject to revision each month as new information becomes available.

The latest publication and the accompanying data sets can be found [here](#)
