[Policy paper: Exeter flood defence scheme](#)

Updated: Update on scheme — phase 1 complete.

This document explains how the Environment Agency, Devon County Council and Exeter City Council are working together to design and build a scheme which will reduce flood risk to the city of Exeter.

[Transparency data: Enforcement undertakings accepted by the Environment Agency](#)

Updated: Updated list of civil sanctions enforcement undertakings accepted by the Environment Agency between 1 February 2018 to 31 May 2018.

The government has allowed the Environment Agency access to powers to apply civil penalties, known as 'Civil Sanctions' for certain offences. The majority of civil sanctions applied so far are enforcement undertakings, volunteered under the producer responsibility legislation. The primary purpose of the enforcement undertaking is to allow the offender to restore and remediate any environmental damage they have caused. This is a list of cases which the Environment Agency has accepted a civil sanctions enforcement undertaking (EU) for environmental offences.

For more information, see the guidance on the [Environment Agency enforcement, sanctions and offences](#) page.

[Guidance: ETL product types: heating, ventilation and air conditioning equipment](#)

Updated: Updated in line with changes to the ETL criteria for this

technology.

The leaflet explains the product types and the benefits of installing ETL-listed HVAC equipment.

See the [Energy Technology Product List](#) for the eligible products in this category, listed by brand name.

See the [Energy Technology Criteria List](#).

[Guidance: ETL product types: compressed air equipment](#)

Updated: Updated to reflect changes to the product categories on the Energy Technology List

This leaflet sets out the requirements for inclusion in the list, and the benefits of purchase, for:

- master controllers
- refrigerated air dryers
- desiccant air dryers
- flow controllers

See the [Energy Technology Product List](#) for the eligible products in this category, listed by brand name.

See the [Energy Technology Criteria List](#).

[Guidance: ETL product types: uninterruptible power supply (UPS)](#)

Updated: Updated in line with changes to the ETL criteria for this technology.

See the [Energy Technology Product List](#) for the eligible products in this category, listed by brand name.
