

Alistair Trail joins SAC Consulting's food and drink team

SAC Consulting Food and Drink have welcomed Alistair Trail to the team – an industry stalwart who brings with him over 11 years experience working in Scotland's food, drink and environmental sectors.

FAS helps over 1,500 farmers and crofters in first four months

Over 1,500 Scottish farmers and crofters have benefited from attending nearly 80 events run by the new Farm Advisory Service (FAS) over the first four months since it was launched last September.

Official Statistics: Provisional statistics – UK fleet landings from other EU member states' waters: 2015

It is being released now in response to a request by Defra to publish management information provided to them for operational purposes. The figures are provisional and will be subject to revisions as further quality assurance is complete and as updated information are received and analysed. Due to their provisional nature these data are high level aggregations without further breakdown.

It is planned that these provisional data will be followed by a more detailed final form statistical release as part of the [UK Sea Fisheries Statistics annual publication in September 2017](#).

Jurassic Coast map drains the sea to reveal geology

Scientists from the British Geological Survey (BGS) and University of Southampton have published a seamless onshore-offshore bedrock geology map of the eastern half of the Jurassic Coast World Heritage Site.
