

ESMA updates Q&A on MiFID II investor protection

The European Securities and Markets Authority (ESMA), the EU's securities markets regulator, has today updated its [Questions and Answers](#) on the implementation of investor protection topics under the Market in Financial Instruments Directive and Regulation (MiFID II/ MiFIR).

The Q&As on MiFID II and MiFIR investor protection and intermediaries' topics includes a new answer on 'MiFID inducements'.

More specifically, the new Q&A provides clarification on the application of the MiFID definition of "acceptable minor non-monetary benefits".

The purpose of the MiFID II/MiFIR investor protection Q&As is to promote common supervisory approaches and practices in the application of MiFID II and MiFIR.

ESMA will continue to develop this Q&A document on investor protection topics under MiFID II and MiFIR, both adding questions and answers to the topics already covered and introducing new sections for other MiFID II investor protection areas not yet addressed in this Q&A document
