

# Financial results for month ended April 30, 2025

The Government announced today (May 30) its financial results for April 2025, the first month of the current financial year.

Expenditure and revenue for the first month amounted to HK\$63.4 billion and HK\$38.5 billion respectively, resulting in a deficit of HK\$18.9 billion after taking into account HK\$6.1 billion received from issuance of Government Bonds and repayment of HK\$0.1 billion principal on Government Bonds.

A Government spokesperson said that the deficit in April was mainly due to the fact that some major types of revenue including salaries and profits taxes are mostly received towards the end of a financial year.

The fiscal reserves stood at HK\$635.4 billion as at April 30, 2025.
