## <u>Getting things done - Blackness</u> <u>Library #dundeewestend</u>

A resident recently suggested it might be helpful in advertising events within Blackness Library is there was a noticeboard outside advertising activities within the library.

I took this excellent idea up with the Head of Library and Information Services and she has responded positively as follows:

"We are in agreement that this is a great idea. Budget and planning permission may be hurdles, but we will look into this and see what is achievable."

I will keep residents updated with progress.
