

## Getting things done – Hawkhill Court, Mid Wynd #dundeewestend

Last year [I raised the condition](#) of the former industrial units on the east side of Hawkhill Court, Mid Wynd where there was dumping of rubbish, weeds and graffiti.

At that time the site agents for the privately owned units kindly arranged a tidy up at my request and placed barriers to prevent further rubbish being dumped – the latter has worked well.

However, residents have pointed out to me that the area has become overgrown again and has a lot of graffiti – see photo below :

I therefore contacted the site agents again seeking removal of weeds and graffiti removal and had a very prompt response promising action.
