

Getting things done – Hillcrest Road #dundeewestend

I have recently received concerns about the deteriorating road surface towards the west end of Hillcrest Road.

This part of the road was not resurfaced some time ago when the rest of the street was given an improved surface and I therefore raised this with the City Council's Roads Maintenance Partnership.

I have now had a helpful response as follows :

"An inspection has been carried out at Hillcrest Road and there are currently no actionable defects. However an order has been raised to repair non actionable defects when resources are available.

Non actionable defects are minor defects and have no specified timescale for repair. Actionable defects are defects that require intervention i.e. repair within an appropriate timescale dependant on the location and scale of the fault."
