

Getting things done – Sycamore Place #dundeewestend

The state of the Sycamore Place road surface – especially the part between Balgay Road and Logie Avenue – is in really poor condition.

Last spring, we asked the council's Roads Maintenance Partnership if the road could be considered for the 2023/24 resurfacing programme.

We are pleased to now advise that it has indeed be added to the carriageway improvement programme for 2023/24.
