

Government finishes exercise on “restriction-testing declaration” in respect of specified “restricted area” in West Terrace, Sai Wan Estate, Kennedy Town, and enforcement operation for breaches of compulsory testing notice

The Government yesterday (May 18) exercised the power under the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) to make a "restriction-testing declaration" with effect from 6.30pm under which people (hereafter referred to as "persons subject to compulsory testing") within the specified "restricted area" in Kennedy Town (i.e. West Terrace, Sai Wan Estate, Kennedy Town) were required to stay in their premises and undergo compulsory testing. Persons subject to compulsory testing were required to stay in their premises until all such persons identified in the "restricted area" had undergone testing and the test results were mostly ascertained.

In addition, the Government issued a compulsory testing notice yesterday, requiring any person who had been present at the above building for more than two hours from May 12 to May 18, 2022, even if they were not present in the "restricted area" at the time when the declaration took effect, must undergo compulsory testing on or before May 20, 2022.

The Government finished the compulsory testing exercise at around 8.15am today (May 19) and carried out enforcement action in the "restricted area" afterwards to verify that all people in the "restricted area" had undergone compulsory testing in accordance with the requirements of the relevant declaration and compulsory testing notice. The Government announced that the enforcement operation ended at 10.15am today.

The Government provided food packs for persons subject to compulsory testing, so as to facilitate their meal arrangements. Anti-epidemic proprietary Chinese medicines donated by the Central People's Government or procured with the co-ordination of the Central People's Government and rapid test kits were also provided to persons subject to compulsory testing to help them fight against the virus. The Housing Department set up a hotline for people restricted by the declaration to make enquiries and seek assistance.

The Government thanks persons subject to compulsory testing for their support and understanding. With everyone's co-operation and efforts, coupled with the efforts of the testing contractors throughout the night, residents

have been informed about their testing results by SMS notification. After finishing the compulsory testing exercise at around 8.15am today, the Government took enforcement action in the "restricted area" immediately to verify that all people in the "restricted area" had undergone testing according to the requirements of the declaration and the compulsory testing notice. Persons who could present an SMS notification containing a negative test result as proof of having undergone the compulsory testing could leave the "restricted area" through the designated exit after providing personal information to a prescribed officer. The enforcement operation was completed at 10.15am. Test records of about 80 persons subject to compulsory testing were checked. Nobody was found to have not undergone compulsory testing. Taking into account the above situation, the Secretary for Food and Health revoked the "restriction-testing declaration" in accordance with Cap. 599J (see attachment).

The Government reminded the households who have not answered the door to undergo a nucleic acid test as soon as possible after reading the notices put up by the Government, in the hope of eliminating the possible risk of further spread of the virus in the community.

The Government thanks all participating government staff and the testing agencies for their hard work. The Government is also grateful to those subject to compulsory testing for their support and understanding, and their full co-operation during this period in undergoing testing and waiting for the results at home.

The Government will seriously follow up on the compliance situation of the compulsory testing notices and the "restriction-testing declaration" by persons subject to compulsory testing. Any person who fails to comply with the compulsory testing notices commits an offence and may be fined a fixed penalty of \$10,000. The person would also be issued with a compulsory testing order requiring him or her to undergo testing within a specified time frame. Failure to comply with the compulsory testing order or the "restriction-testing declaration" is an offence and the offender would be liable to a fine at level 5 (\$50,000) and imprisonment for six months.
