

Green MP responds to record sentences

2. [Press Releases](#)

Responding to record sentences for environmental protests, Green MP Sian Berry said:

“These sentences feel like a hangover from the last government’s obsession with punishing disruptive but non-violent, peaceful protests. They should be appealed as wholly out of line with the disruption caused.

“There is, however, a wider challenge for the Labour government. It should review the guidelines given to judges that have led to such extreme, disproportionate sentences for peaceful protest.”
