

Green Party: Scrappage scheme the only way to help people ditch diesel

4 April 2017

The Green Party has responded to news the Government plans to encourage people to get rid of diesel vehicles by introducing what has been dubbed a “toxin tax”.

Caroline Russell AM, Green Party transport spokesperson, said:

“It’s good to see the Government recognising the damage dirty diesel engines do to our air and our health, but if we are serious about encouraging drivers to leave diesel behind we need to help them to do that. We urgently need a proper scrappage scheme which helps businesses swap diesel for cleaner vehicles, while people giving up domestic cars should have access to efficient public transport, car clubs and streets that enable safe walking and cycling.”
