

Greens call for end to arms exports alongside boycotts, divestment and sanctions in wake of Security Council vote

26 March 2024

Reacting to news that the UN Security Council has called for an immediate ceasefire in Gaza, without the US using its veto to block the resolution, co-leader of the Green Party Carla Denyer, said:

“The Green Party has been calling for a ceasefire since last October, so this vote is hugely welcome if long overdue. With Israel’s greatest ally the United States abstaining, the Netanyahu regime is more isolated than ever – and rightly so.

“This Security Council resolution comes too late for hundreds of thousands of people who have seen their families and friends killed, maimed, or seriously injured and their homes, hospitals and schools destroyed. Nonetheless, it ramps up international pressure on Israel to end its deadly assault on Gaza.

“However, Netanyahu is not listening – the attacks continue. The UK government must now further pressurise the Netanyahu regime by immediately suspending export licenses for arms to Israel. The Green Party also calls for further leverage through boycotts, divestment and sanctions. This means withdrawing all public money from funds with investments in Israel and suspending beneficial trade arrangements with the country.

“Only a full bilateral ceasefire and release of all hostages can stop more people dying. Israel must immediately stop blocking humanitarian aid to Gaza, where their blockade on aid is causing famine and intolerable suffering. And only a ceasefire can allow talks to begin on the long-term political solutions that will bring peace and security to everyone in the region.”
