

Health Secretary connects with NHS Wales staff

Health Service employees in Cardiff and the Vale of Glamorgan will be first in Wales to get an opportunity to ask Mr Gething questions about the health service at a Cabinet Connect event.

The first staff Q&A session will be held at University of Wales Hospital, Cardiff, and invitations have been sent to Cardiff and Vale University Health Board, Public Health Wales and Wales Ambulance Service staff in the area.

Mr Gething said:

“I have had the great pleasure to meet many frontline health employees during visits across Wales and I wanted to build on those discussions through Cabinet Connect events.

“I want to give frontline staff the opportunity to meet me, ask me questions and discuss the issues in the health service that are important to them.”

Cabinet Connect builds on the success of the Carwyn Connect events, which the First Minister of Wales Carwyn Jones has used to meet and get the views of people across Wales.
