

HK turns on smart lights

The first 50 lampposts under the Multi-functional Smart Lampposts pilot scheme are being installed in selected road sections in Kwun Tong and the Kai Tak Development Area, and are expected to come into operation at the end of June.

News.gov.hk spoke to a Senior Systems Manager at the Office of the Government Chief Information Officer and a Highways Department Senior Engineer to discuss the technology behind the new smart lighting.

The story appears on news.gov.hk today (May 13) in both text and video format.
