

## HKeToll interface and notification services resumed normal

The Transport Department announced today (May 11) that, upon completion of the system maintenance, the HKeToll website ([www.hketoll.gov.hk](http://www.hketoll.gov.hk)), mobile app and electronic notification services have resumed normal operation at around 4am.

The system will process toll transactions recorded during the maintenance period and gradually restore sending electronic notifications to users. Motorists should pay the tolls charged based on their actual time of passing through the tunnel. Users may also log in to their account for transaction details.

For enquiries, please call the 24-hour service hotline at 3853 7333.
