

Hong Kong Customs detects two passenger drug trafficking cases at airport (with photos)

Hong Kong Customs yesterday (April 15) detected two drug trafficking cases involving baggage concealment at Hong Kong International Airport and seized a total of about 17 kilograms of suspected cannabis buds with a total estimated market value of about \$3.8 million. Two men were arrested.

Yesterday, Customs intercepted two male passengers aged 65 and 23, both arriving in Hong Kong from Bangkok, Thailand, at the airport. During Customs clearance, about 8kg and 9kg of suspected cannabis buds were respectively found in each of their checked-in luggage. The duo were subsequently arrested.

The two arrested persons have each been charged with one count of trafficking in a dangerous drug. Their cases will be brought up at the West Kowloon Magistrates' Courts tomorrow (April 17).

Following the increasing number of visitors to Hong Kong, Customs will continue to apply a risk assessment approach and focus on selecting passengers from high-risk regions for clearance to combat transnational drug trafficking activities.

Customs again reminds the public to stay alert and not to participate in drug trafficking activities for monetary return. Under the Dangerous Drugs Ordinance, trafficking in a dangerous drug is a serious offence. The maximum penalty upon conviction is a fine of \$5 million and life imprisonment.

Members of the public may report any suspected drug trafficking activities to Customs' 24-hour hotline 2545 6182 or its dedicated crime-reporting email account (crimereport@customs.gov.hk) or online form (eform.cefs.gov.hk/form/ced002).
