

Hospital Authority announces positive patient cases detected via admission screening or testing and clusters of nosocomial COVID-19 infections

The following is issued on behalf of the Hospital Authority:

The Hospital Authority today (March 29) announced information regarding patients who tested positive via admission screening or testing with patients or staff members identified as close contacts and nosocomial COVID-19 infection cases:

The following are the statistics of patients who tested positive via admission screening or by testing in public hospitals with patients or staff members identified as close contacts:

| Hospital/clinic | Number of patients who tested positive | Number of patients identified as close contacts | Number of staff members without appropriate personal protective equipment identified as close contacts |
|--|--|---|--|
| Pamela Youde Nethersole Eastern Hospital | 7 | 8 | — |
| Ruttonjee Hospital | 1 | 1 | — |
| Queen Mary Hospital | 1 | 1 | — |
| Kwong Wah Hospital | 1 | 1 | — |
| Princess Margaret Hospital | 2 | 2 | — |
| Yan Chai Hospital | 5 | 7 | — |
| Tuen Mun Hospital | 4 | 7 | — |

The following are the statistics of clusters of nosocomial infection cases in public hospitals:

| Hospital/clinic | Number of patients who tested positive | Number of staff members who tested positive |
|----------------------------|--|---|
| Kowloon Hospital | 6 | — |
| Princess Margaret Hospital | 1 | — |

| | | |
|-------------------|---|---|
| Yan Chai Hospital | 1 | - |
|-------------------|---|---|

Thorough cleaning and disinfection operations have been performed in the affected areas by hospitals. The hospitals will continue to closely monitor the health condition of patients and staff members, and communicate with the Centre for Health Protection on the latest situation.
