

# HYAB Scheme on Corporate Summer Internship on the Mainland and Overseas 2025 officially kicks off (with photos/video)

The Chief Secretary for Administration, Mr Chan Kwok-ki; the Secretary for Home and Youth Affairs, Miss Alice Mak; the Permanent Secretary for Home and Youth Affairs, Ms Shirley Lam, and representatives of participating corporates today (June 13) officiated at the kick-off ceremony of the HYAB Scheme on Corporate Summer Internship on the Mainland and Overseas 2025.

Speaking at the ceremony, Mr Chan said that the Scheme has been well received by the youth and highly recognised by the participating corporates since its launch in 2018, and has benefited over 1 000 Hong Kong youth so far. The Scheme is dedicated to bringing Hong Kong youth to "go global". Through participating in summer internships, young people can accumulate work experience, broaden their horizons, gain a better understanding of the country and explore the world, and expand their interpersonal networks, which will help them in planning their future development.

Mr Chan expressed his sincere gratitude to the participating corporates for providing quality internship placements as well as comprehensive training and support to enable the smooth implementation of the Scheme. He highlighted that the Government will continue to rally the efforts of all sectors in society to nurture young people, supporting them to thrive and contribute to the development of the country and Hong Kong in future.

A total of 28 corporates are participating in the Scheme this year (refer to the Annex for the list of participating corporates). They provide internship placements covering multiple industries, including financial services, innovation and technology, logistics, property development, construction, retail, hospitality, entertainment and public utilities, spanning different Mainland provinces and cities and overseas countries, including Singapore, Thailand, the Philippines, Mongolia and Australia. The recruited interns will depart from June onwards to undertake internship placements of no less than four weeks.
