

# Inflammatory comments like those by Michael Howard will not help Britain get what it needs from Brexit negotiations – Thornberry

**Emily Thornberry MP,  
Labour's Shadow Foreign Secretary, remarking on former Tory Leader Michael Howard's comments, said:**

"Inflammatory comments like those by Michael Howard will not help Britain get what it needs from these difficult Brexit negotiations. Sadly it's typical of the botched Tory approach which threatens a bad deal for Britain.

"Labour is clear that the sovereignty of Gibraltar must be protected and that the interests of British citizens in Gibraltar are safeguarded."
