The Information Services Department (ISD) is taking part in this year's Hong Kong Book Fair from today (July 20) to July 26 under the theme "Unlimited Exploration". The booth is located at Stall D37 in Hall 1A of the Hong Kong Convention and Exhibition Centre, Wan Chai.

More than 70 government titles are on sale at the fair, with most of them being sold at a 25 per cent discount or below. A number of specially priced books are also on sale including the "Hong Kong Culture Snapshot" series (Chinese version only) and "The Temple Gardens of Hong Kong", with discounts ranging from 60 to 85 per cent.

Customers buying publications at the ISD booth may pay in cash or with an Octopus card, and will receive a souvenir in return.

To help save the environment, plastic bags will not be handed out at the booth. Purchasers are asked to bring their own carry bag.
